INTERNATIONAL CRIMINAL COURT CLAIM AGAINST JOE BIDEN AND OTHER TOP GOVERNMENT EMPLOYEES

Peoples Rights Forum announces the filing of a Criminal Claim No OTP-CR-454/22 in the International Criminal Court against **Joe Biden, Kamala Harris, Clarence Thomas, Charles Grassley, Richard Blumenthal, Ted Cruz, Bill Clinton, Xavier Becerra, Anthony Palmieri, all Governors and other state and federal legislator and judicial employees.**

The Criminal Complaint describes how these U.S. government servants use “protection sounding names” such as “family law/family court” and “guardian law/guardian court” to strip the Unalienable Rights of its citizens and the world population, thereby subjecting them to Atrocity Crimes under international law by eliminating them from the protection of the law.

The rights of Americans cannot be stripped:

1. They are **Unalienable** and endowed by the **Creator** by the Declaration of Independence; and
2. They are derived by “**Human Dignity**” by the U.N. Declaration of Human Rights. [Universal Declaration of Human Rights | United Nations](#)

These rights stripping edicts are unlawful on their face and must be repealed and removed from the books. Anyone who enters the U.S. is in danger and at risk.

The massive scale of the U.S. Atrocity Crimes is staggering:

1. Hundreds of millions of children and parents in the U.S. and world population are being trafficked and murdered.
2. **TRILLIONS OF DOLLARS** are Plundered from the world economy.

The ICC established and mandated by the U.N. to try individuals for these Atrocity Crimes, the most severe of crimes under universal laws .
